

RPEWT50

Description

The SMJ RPEWT50 is ideal for performing both professional R2 and main earth bond verification tests; the reel's long length makes it ideal for use in applications where standard test leads simply aren't long enough. Made from tough resilient plastic with patented technology to ensure friction free winding for complete comfort and easy use.

Features

- . 50M Length
- . Dedicated test reel for R2 and main earth bond testing
- . Compact design
- . Multi stranded test lead
- . 4mm connectors
- . Includes crocodile clip
- . Suitable for dead testing only

Reel Pro Range

240v Cassette
