Technical Specification

- Maximum load 2400 watts

CT1010

Description

The SMJ CT1010 is a 4 socket, 10 metre cable reel with Thermal Cut Out and a maximum load of 2400 watts. It's compactly designed to fit comfortably in the hand and the Easi-Reel technology ensures that the cable is protected and accurately guides it onto and off the drum. Also available in 20 metres.

Features

- Easi-Reel ensures that the cable is protected and accurately guides it onto and off the drum
- Built-in handle and winding knob with a flat base to keep it upright protecting the sockets
- Fitted with bright orange cable for maximum visibility when outdoors
- Thermal cutout prevents overloading
- Available in 10m and 20m easi reel versions
- 10AMP rating
- Maximum load 2400 watts
